Technical Skills

- **HTML**
- **CSS**
- **SCSS**
- **Bootstrap**
- **Javascript**
- **React JS**
- **Redux**
- **Node JS**
- **Express JS**
- **MongoDB**
- **Firebase**

Designing Skills

- **Figma**
- **Canva**
- **Wordpress**
- **Video Editing**

About Me

Detail-oriented Front End Developer working with HTML,CSS, Bootstrap, Javascript, React JS, Redux, Node JS, Express JS and MongoDB, Firebase. Highly adept at both independent and collaborative projects, with an emphasis on landing page and website development.

Projects

Hotel Booking Web App

Link : https://frontend-swart-alpha.vercel.app/

This project is created using **MERN Stack**. There I also used Redux, JWT, custom hooks, React calendar, Error boundaries.
Features : Search by city, search by category, search by hotel, book hotel according to date and number of people, responsive on mobile.

Portfolio

Link : https://portfolio-own.vercel.app/

This project is created using **React JS** . There I also used CSS, Context API, custom hooks, Error boundaries.
Features : A person can send mail, download CV and responsive on mobile.

Shopping Cart Web App

Link : https://shopping-cart-eight-liard.vercel.app/

This project is created using **React JS**. There I also used Redux, custom hooks, Error boundaries.
Features : User can add product to cart and also remove from cart, see the details of particular product and responsive on mobile.

Chat App

Link : https://github.com/Sumi-Dey/chat-app

This project is created using **React JS** with **Firebase**. There I also used Context API, custom hooks, Error boundaries.
Features : Search by user, user can see the last messages, login authentications and responsive on mobile.

Soft Skills

- **Continuous learning**
- **Creativity**
- **Attention to detail**
- **Problem-solving**
- **Collaboration**
- **Flexibility**
- **Communication**

Certificates

Udemy

The Complete 2023 Web Development Bootcamp Certificateby Dr. Angela Yu

AWS

AWS Builders Online Series Certificate on 14 July, 2022

Blogs

Code Splitting

Link : https://sumideycodingblog.hashnode.dev/code-splitting

Details of Code Splitting, what is code splitting, where we should use code splitting and also details with implementation about react.lazy
